A WINSTON-SALEM BUILDING.

Senator Hansom introduced in the Senate today a bull providing for the prection of a public building at Winston-Salem, N.C., at a cost not to exceed \$225,000. A similar bill is pending before the House committee, and last spring a large delegation of the leading critizens of Winston-Salem came on to Washington to urge the passage of the bill.

It is understood that a strong effort will be made this winter to pass the bill for the erection of a pathic building at Newport News, Va., but it is combital if it can be put through. The Treasury is practically exhausted and there is no available funds.

[Special telegram to the Dispatch.]

RALMON, N. C., December S.—The importance to the State of the decision of the United States Supreme Court in the case brought by Halifax county to test the legality of the Wilmington and Weldon rail, way's exemption from taxation is very great. The Supreme Court of this State decided on appeal that the branches were liable. Then there was an appeal to the United States Supreme Court. The new decision makes 280 miles liable to taxation. With rolling-stock and real estate, leaving of Dinion that upon a test case the main line (130 miles) would be found to be hable also, and that question will probably come up very soon.

The State Supreme Court expressed an opinion that upon a test case the main line (130 miles) would be found to be hable also, and that question will probably come up very soon.

The decision carried with it back taxes for a great many years. On that part of the line from Halifax to Weldon these are due for fifty years; on the division from Elocky Mount to Tarboro' for thirty years, and on branches from fire to ten years. The aggregate of these back taxes is estimated at Oday by high authority to approximate \$\$00,000. These facts were ascertained by your correspondent from thoroughly informations.
